Positioning: Terminal-native social computing. Friendly, powerful, extensible.

A symbol that can stand alone.

The S ribbon is the network. The cursor is the invitation to act.

Bold sans headings. Monospace only for terminal interaction, labels and commands.

The rules are simple.

01 CONSISTENCY

Maintain symbol proportions. Avoid distortion or decorative effects.

02 ACCESSIBILITY

Preserve contrast. Provide readable flat/monochrome alternatives.

03 HUMAN FIRST

Talk about people and capability, not exclusivity or hacker status.

04 MODULAR BY DESIGN

The product is social; plugins are its superpower.
